Easy Read version

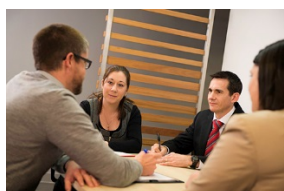

Down Syndrome Australia was formed in 2011.

We are made up of associations from each state and territory.

We wanted to make sure people with Down syndrome have a voice in Australia.

We work hard to change things for people with Down syndrome.

We work hard to tell the community about people with Down syndrome.

We need donations and volunteers to help us.

Donations over \$2 are tax deductible.

If you would like to donate money please use the form below.
